Hi Corrina,

If I am reading your email communication correctly, it appears as though the District wants to set up a go fund me account so your senior students can raise money for a toy drive to purchase toys for children in need in your community with the funds raised. Is that correct? This is allowable if the District's central office staff have complete control over the go fund me account, ensures the raised funds are deposited and managed in accordance with District policy, the students do not control the go fund me account, and the public is informed of the purpose of the fundraising activity.

I know we are in the process of reviewing and customizing your policies. With that said and in the interim, we would recommend that the District adopt MTSBA Model Policy 7425 and customize Form 7425F to inform potential donors of the expressed purpose of raising funds through the go fund me account for this initiative.

Thank you and let us know if you have any follow-up questions.

Debra

Subject: question for you all

Our seniors are raising money for our Senior Toy drive that we do every year, we want to set up a go fund me account that will go to this purpose, is this legal, possible?

Thank you for answering asap.
