1	I feel as though I cannot answer question #3; having a one sentence summary about the program is not enough for me to say I support something. I do support the safety of the students I teach & a sense of security for all staff.	5/8/2018 10:21 AM
2	I trust and support the decision makers in CISD. I appreciate you all taking initiative in exploring various safety and security options.	5/7/2018 9:12 PM
3	Maybe have an SRO on every campus.	5/7/2018 12:01 PM
4	Add Police type security officers to each campus	5/7/2018 10:53 AM
5	If we could find a way to place an sro at every campus i think that would be great.	5/7/2018 10:51 AM
6	Feel students/staff best served with SRO's on each campus. Ensures comprehensi	5/7/2018 10:32 AM
7	Instead of an additional SRO, volunteers with military or police experience could be utilized.	5/4/2018 2:34 PM
8	I am not about gun control and fully support the right to bear arms. However, I do not believe that additional guns on school campus means a safer environment. Keeping guns off our campus should be our concern. Additional SRO would be helpful IF the SRO makes his/her presence known by walking the halls, interacting with students, etc.	5/4/2018 7:42 AM
9	Keep the lockdown verbiage simple, so that a sub can understand what to do. Pick a procedure and stick with it for the year changing procedures in the middle of the drill is confusing.	5/3/2018 3:47 PM
10	n/a	5/3/2018 3:01 PM
11	Keep training with the lockdown	5/3/2018 1:45 PM
12	We should do all we can now, before something happens, to protect our children at whatever the cost and time to get the job done, ASAP. Don't wait until something happens and then do something because now it's important. Strong security, seen by a bad guy, is in itself a deterrent against crimes.	5/3/2018 12:29 PM
13	The worst type of defense is that of being defenseless.	5/3/2018 12:26 PM
14	Thank you!	5/3/2018 12:19 PM
15	If the board does decide to go through with this, I believe teachers who volunteer need to have a history of following rules district policy, including lockdown procedures. Granting firepower to those who are not "responsible with a little" is foolish and dangerous.	5/3/2018 12:19 PM
16	I think having staff members carrying a weapon would be a huge deterrent to anyone intending harm. I like the sign that I have seen outside of Callisburg HS about employs being armed. I do not think the staff should know which employs are armed...could possibly set those individuals up for more harm if that knowledge became public. I also feel strongly about the weapon being in immediate possession...not locked in a cabinet somewhere. I am sure strict policies will be put in place for this great responsibility. I am married to a veteran LEO/SWAT with 26 years of experience, and we have talked at length about this very topic. Many times people that volunteer can be over-zealous without really realizing the depth of the commitment they are making should a harmful situation arise. We are not even positive that those with weapons will act if faced with the opportunity, but at least we would know that we have a chance of them taking action. Much training needs to be provided to these people!	5/3/2018 12:05 PM

18	Safety of our students should be our Focus!	5/3/2018 11:30 AM
19	Every campus should have an assigned officer.	5/3/2018 11:29 AM
20	I believe that it is too much of a burden for a staff member to decide to shoot someone.	5/3/2018 11:01 AM

21	I do believe we need more lock down procedures at different times if the day. Not always the same times. Between passing periods, at lunch, first thing in the morning etc.	5/3/2018 11:01 AM
22	What does SRO mean?	5/3/2018 10:34 AM
23	Thank you for always looking to make CISD a better place to be.	5/3/2018 9:58 AM
24	It's nice to see the Celina PD visiting and walking through our campus. Additional SRO's would be a great investment.	5/3/2018 9:57 AM
25	Carrying a firearm on any campus needs to be considered a last resort. I do believe we need to increase security measures to an extreme extent on the Primary campus. I think the first step is to increase police and security visibility for our students and parent population. Also additional training and meetings need to occur with both admin and support staff to insure parents are ALL checking in and not leaving through other doors on campus. I'm a staff member and have seen numerous without name tags in the halls during arrival and dismissal times. Any open door (during arrival and dismissal) needs to be with staff standing in the doorway. The gates behind the campus building need to be locked for security. I see people travel the back gates at any time during the day. A male personal needs to be consider as well as an officer that visits regularly.	5/3/2018 9:37 AM
26	Clear backpacks, and more strict dress code. Students are color coding.	5/3/2018 9:30 AM
27	Thank you for addressing this issue. I feel that training willing staff to carry is the smartest option. We are the true first responders in school shooting situations and feeling helpless is awful.	5/3/2018 9:25 AM
28	I think there should be more things that we can do to stop someone from coming into our rooms	5/3/2018 9:25 AM
29	I think (as do my fellow teachers) that a fence around the primary playground would help keep us more safe as well. There have been stray dogs wonder up. In addition, there was a guy running on the track with a mask on and it really worried us teachers. Thankfully, Mr. Matthews was able to go talk to him but we would definitely feel safer and more protected with something around the playground.	5/3/2018 9:20 AM
30	Teacher's and students need some type of object or strategy to "fight back" or withhold long enough for police to get here. Sitting in our rooms wishing and hoping someone doesnt come in is not ideal.	5/3/2018 9:17 AM
31	I'm your Huckleberry.	5/3/2018 9:02 AM
32	I believe every single measure should be taken for the security of our students and staff. Frisco has a limited backpack, book bag, satchel policy, will that be something that could be considered for CelinaSD? Kids use their lockers instead of backpacks. Its easier to go through the kids lockers than backpacks. Just a thought. Thank you for al you do to keep our kids safe!	5/3/2018 9:02 AM
33	An additional SRO could be utilized to cover all campuses within the district. One officer assigned to the elementary campuses and the other to the secondary campuses.	5/3/2018 9:01 AM
34	I'm opposed to fire arms because the staff's #1 priority is getting students to a safe place.	5/3/2018 9:00 AM
35	No Comment	5/3/2018 9:00 AM
36	I pray that this complex decision is carefully thought through. I would feel 100x safer if someone was armed on campus.	5/3/2018 8:56 AM
37	The one time you gave teachers access for a short time to being able notify police using an app my kids literally ended up with a semi-automatic weapon pointed at their faces. We don't even put forth the effort to train kids what to do if a shooting takes place before school, during lunch or any time other than third period. I'm supposed to trust you to properly train teachers to kill their students? I'm supposed to trust people who can't even handle an app to identify the person who is a threat and shoot that person without shooting anyone else? We're supposed to have multiple people running around here with guns in the chaos while the cops try to figure out who the bad guys are? Bring all the SROs you want. Actually put a respectable effort into your active shooter training with the students and teachers. But if you bring teachers into our school with guns, I will no longer feel safe and will seek out other employment. I go out of my way to protect my kids with my life. I have no problem dying for them. I just don't want to die because someone put a gun in the hands of someone who shouldn't have a gun.	5/3/2018 8:55 AM
38	I am CHL certified and have been since I was 21. I would be more than willing to go through training, growing up around firearms I am quite comfortable with the concept.	5/3/2018 8:51 AM

39	<p>I can see that one officer is not enough. I would think we need at least 4 for the amount of area our district covers. One officer is not enough. If you add training teachers and upkeep of their firearms training, you put more on the plate of our one officer. If we had at least four officers, we could divide the burden and have time and man power for pro-active development of protocol rather than reactive. We also would know that we could be self-sufficient in our own security needs. In conclusion, I find that we have done a great job in securing a SRO but need to make sure the true workings of an SRO can be realized. An example would be having an officer provide a presentation on one campus without lowering the entire districts security needs and concerns. I also would like to say there ARE multiple staff members that I would trust, including myself, to be more than responsible and are already CHL carriers in the state of Texas.</p>	5/3/2018 8:51 AM
40	<p>This needs to happen!</p>	5/3/2018 8:51 AM
41	<p>I really appreciate the Celina Police Department coming by to check on us. They are here almost daily, and I think their presence is a great deterrent to anyone who might try to harm us or cause any trouble.</p>	5/3/2018 8:50 AM
42	<p>I will not feel safe in a school with guns, even trained carriers put their guard down.</p>	5/3/2018 8:46 AM
43	<p>Thank you.</p>	5/3/2018 8:46 AM
44	<p>Anyone that is selected to carry, should be HIGHLY trained. Also, a fire extinguisher in the room could serve as a form of defense. Intruder comes to the door, tried to get in, gets blasted with it, and now has the stuff in his/her eyes, mouth, etc.</p>	5/3/2018 8:46 AM
45	<p>I do not feel comfortable with the idea of willingly bringing guns onto a school campus, even if they are held by trained adults. There is too much that could go wrong in that kind of scenario. The only people who should be carrying guns at school are police officers. If Celina were to implement the Defender Program, I would not feel comfortable working here.</p>	5/3/2018 8:42 AM
