2623 - **STUDENT ASSESSMENT**

The Board of Education shall assess student achievement and needs in all areas of the curriculum in order to determine the progress of students and to assist them in attaining District goals.

Each student's proficiencies and needs will be assessed by staff members upon his/her their entrance into the District and annually thereafter. Procedures for such assessments will include, but need not be limited to, teacher observation techniques, cumulative student records, student performance data collected through standard testing programs, student portfolios, and physical examinations.

The District Administrator shall develop and the Board shall approve a program of testing and assessment that includes:

- A. State-required tests;
- B. criteriaCurriculum-based written and oral examinations which include use of alternative questions, demonstrations, writing exercises, individual and group projects, performances, portfolios, and samples of best work.

The Board requires that tests be administered by persons who are qualified under State law and regulation.

All students shall participate in the State-required tests, unless excluded by an I.E.P. or Section 504 plan.
