Presented by:
Chris duBois
Superintendent

ACTION

BACKGROUND INFORMATION

Recent authorization of Legislators has prompted Commissioner Scott to provide flexibility in managing concerns related to inclusion of 15% of STAAR End of Course Exam grades in award of credit for courses and calculation of class rank or Grade Point Average (GPA) as districts may have previously adopted to meet requirements passed in the 82nd Legislative Session. Implementation of these provision has proved problematic statewide, and it is expected that some of these concerns will be re-addressed in the upcoming 83rd Session.

CCCCSD has previously adopted modified EIA (Local) related to required inclusion of the 15% EOC grade, but did not modify policies related to class rank or GPA in terms of EOC inclusion.

ADMINISTRATIVE RECOMMENDATION

Approve adoption of Resolution to Suspend Portions of Policy Related to 15% EOC

APPROVAL/DISAPPROVAL
