

Board Report Department of Technology

To: Mrs. Jones and the Board of Trustees
Date: April 13, 2026
Subject: Technology Department Board Report

Technology Updates

Door Access for middle and high school is now controlled by Verkada. We replaced all network switches on the middle school campus with Ruckus network switches.

Technology Upgrades

We will replace the wireless access points at middle and high school this Summer with Aruba AP-655.

Cybersecurity Update

Cybersecurity remains to be of importance for all school districts. We had a cybersecurity assessment done this month and a few things came back that we need to look at strengthening our security posture. We have had no cybersecurity threats for the last 3 months.

E-rate Update

E-rate funding has been allocated for the next 5 years and we were awarded around \$215,000.

Problems and Needs
