SCHOOL  
QUESTIONING

Administrators, teachers, and other professional personnel may question a student regarding the student's own conduct or the conduct of other students. In the context of school discipline, students have no claim to the right not to incriminate themselves.

[See FFFA(REGULATION) concerning the questioning of students if a Title V felony offense is suspected to have occurred]

POLICE OR OTHER  
AUTHORITIES  
QUESTIONING

For provisions pertaining to student questioning by law enforcement officials or other lawful authorities, see GRA(LOCAL).

LOCKERS AND  
VEHICLES

Students have full responsibility for the security of their lockers and vehicles parked on school property and shall make certain they are locked and that the keys and combinations are not given to others. Students shall not place, keep, or maintain any article or material in lockers or vehicles parked on school property that is forbidden by District policy.

Lockers and vehicles parked on school property may be searched by school officials if there is reasonable cause to believe they contain articles or materials prohibited by District policy. Students shall be responsible for any prohibited items found in their lockers or vehicles parked on school property.

If a vehicle subject to search is locked, the student shall be asked to unlock the vehicle. If the student refuses, the District shall contact the student's parents. If the parents also refuse to permit the vehicle to be searched, the District may contact local law enforcement officials and turn the matter over to them.

USE OF TRAINED  
DOGS

The District shall use specially trained nonaggressive dogs to sniff out and alert to the current presence of concealed prohibited items, illicit substances defined in FNCF(LEGAL), and alcohol. This program is implemented in response to drug and alcohol use problems in District schools and to maintain a safe school environment conducive to education.

Visits to schools shall be unannounced. The dogs shall be used to sniff the air in vacant classrooms, in vacant common areas, around student lockers, and around vehicles parked on school property. The dogs shall not be used with students. If a dog alerts to a locker, a vehicle, or an item in a classroom, it may be searched by school officials. Searches of vehicles shall be conducted as described above.

SEARCH FOR  
WEAPONS

The District shall periodically conduct searches of students at school for weapons by the use of metal detectors. This need for such random searches is in response to a concern for the presence of weapons in school and to maintain a safe school environment for both faculty and students conducive to education. Any such searches shall be unannounced and shall be strictly carried out pursuant to the terms of FNF(REGULATION).
