Thank You!

Evergreen recently held our third annual Multicultural Night to celebrate diversity in our students, staff and community. It was a huge success and more fun than ever! We had three different performing groups; Mr. Cloyd's marimba band from Lorna Byrne, Hawaiian dancers and 4H Hispanic dancers. We served an incredible dinner, free of charge, to all in attendance. We also hosted arts, crafts and activities, representing cultures from all over the world.

Thank you to all the community members who helped create and serve the fabulous dinner. Carlos, of Carlos' Restaurante (an awesome local eatery), was helping serve posole to the hungry attendees. People were very excited to see Carlos helping out the school. Lupe Robles, Lottie Auzenne and Cecillia Rodriquez all pitched in to create an extravagant array of Mexican food and traditional drink. The Evergreen PTA worked very hard as well and created an assortment of dishes from all over the world, from Native American themed bison burgers to gnocchi from Italy. We also had fresh, hand rolled sushi available. Michael Morris, our district food service director, was responsible (with a little help from our very own Erica Lundberg) for preparing the sushi right before the hungry onlookers eyes.

We intend to have our 4th annual Multicultural Night around the same time next year and hope to have the same incredible support. It is a tremendous event, largely funded through federal Title dollars, that brings a large portion of the community into the school.

Farm to Market is back!

Michael Morris and Evergreen Elementary School are proud to announce that Farm to Market is coming back to Evergreen. On April 11th we will be hosting a variety of educational presentations focused on local agriculture, in an effort to teach our students where and how our local food is grown and raised. Michael Morris orchestrates the entire event and provides our students with an A-Z salad bar that day. The A-Z salad bar features fresh fruits and vegetables, with something represented by each letter in the alphabet available to the kids. From Apples to Zucchini, the students will create an all natural and healthy lunch from the A-Z salad bar that day! I want to thank Mr. Morris for his continuous support of our school and the various activities we make available to our students and families.

3rd Grade Learns About: Vincent Van Gogh

Vincent Van Gogh's career as an artist lasted only 10 years and coincided with frequent bouts of depression and anguish; in a famous 1888 incident he slashed off his left earlobe with a razor. Despite his inner turmoil, Van Gogh left us his amazing, world-famous painting "Starry Night". The third graders made their own recreations of Van Gogh's famous painting. .

Here is an amazing one done by Sophia Parcels.

The “Caterpillar”: A Mobile Science & Nature Center

The “caterpillar” is a unique mobile science and nature center on a 32’ RV. We have been taking environmental science to **local elementary schools and events since 2001, involving up to 7,000 kids a year.** Our programs provide students with “hands-on” activities and supporting displays linked to our curriculum. Through science-based inquiry, these programs foster the joy of learning about science and nature.

Child Find for Special Education

Public Law 105.17, known as the Individuals with Disabilities Education Act (IDEA), requires that school districts provide a free and appropriate education to all disabled children and young adults from birth through 21 years of age. The Three Rivers School District requests assistance with the identification of any disabled children ages Birth through 21 who are not enrolled or currently being served in one of the District's schools.

If you know of any disabled children ages 0 through 21, who are not receiving education services, please call the Three Rivers School District Special Education Department at **541-862-3111 x 5202.**
