October 2024

Dear School Community,

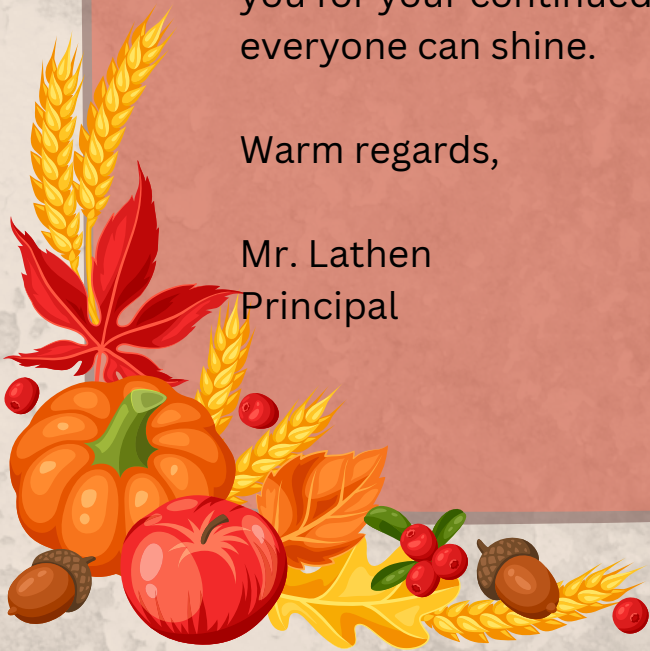

As we continue to embrace our core values of Respect, Excellence, and Determination (RED), I am thrilled to share how these principles are shaping a positive environment for both students and staff. Every day, we witness our students showing respect for one another, striving for excellence in their academic and personal growth, and demonstrating determination in overcoming challenges.

A highlight of this commitment to RED is the overwhelming number of positive recognitions being shared. To date, we have sent out over 800 positive notes to students, celebrating their achievements and efforts in living out these core values. It is inspiring to see how these small acts of acknowledgment motivate our students to continue excelling and supporting one another.

Together, we are fostering a community that thrives on respect, celebrates excellence, and perseveres with determination. Thank you for your continued support in making our school a place where everyone can shine.

Warm regards,

Mr. Lathen
Principal
