Subject: Request to Stay on as a College Student

Date: May 13, 2015

First, I would like to thank you for giving me the opportunity of employment during my previous semesters. It has truly been a blessing to be able to work while going to school. This upcoming fall semester I will be enrolled as a full time student with 4 classes. I have already registered for 3 of my classes and I am currently awaiting the availability of the last one.

I have attached a copy of my fall semester schedule and an email from my counselor regarding the course that I still need to register for.

I greatly appreciate your assistance.

Erika,

I have a student Quinton Crudup who needs to take MATH-2281 for our program requirements, and the section he wants is being blocked for the freshman. Is there any way he can be added to MATH-2281-02 because that is the course that best fits into his schedule; and it's a prerequisite for another course he needs to take in the Spring 2016? See email below.

Thanks for your help!

Sincerely,

Stacy Amedeo M.S.

Subject: Fall 2015 Registration

Good Afternoon Stacy Amedeo,

I (Quinton Crudup) am currently trying to register for MATH 2281 (Applied Calculus) 2:00-3:15 on Tuesdays and Thursdays, but I have had no success. I have 10 courses left and any other time for that course would be conflicting with my class schedule. MATH 2281 is needed this semester so I can take ECON 3404 in the spring of 2016.
