

Board Report

For

August 10, 2015

MAINTENANCE:

Well.....Janet is out for a couple weeks due to having her appendix taken out. Still no one has applied or no one worth hiring for the maintenance position that has applied. I have a lot to do, running out of time. We have had a flood at the High School and also we have a lot of leaks, plus we have had a Roof Top Unit blown over off of a classroom. The custodians are done waxing except the places they have to fix from the water damage. I'm doing the best I can, sorry.

TRANSPORTATION:

Sigh.....BB-2 is still down. I haven't been able to fix it yet. Bus# 54 is getting the A/C fixed, so everything will be running except BB-2. Pat and I have done the first part of the state transportation report and we will have part 2 in November. I will be making some changes with a couple of my bus route drivers. I don't know what else to tell you, have a great summer.
