

Board Report

Director of Curriculum Integration & Reporting

July 2025

Curriculum Technology Integration

- I continue to review and update all curriculum integration and rostering. There has been a significant change in the way that we roster our programs. I look forward to more control and advanced support provided to our staff.
- I have renewed District software purchases and licensing for curriculum-related purposes.
- SOPPA Agreements are currently being updated.

Professional Development

- I continue to administer our PD+ platform and maintain relevant professional development records. There are several District-sponsored events this summer.

Library Media Services

- I am proud to report that I have been voted Treasurer of the Illinois Heartland Library System, of which Dupu CUSD 196 is a member, and I am a school library trustee representative. I was seated for my 2nd year of a 3-year term and will continue to advocate for over 230 member school libraries.

Student Information Systems & Data Reporting

- All reporting is up-to-date.
- The District report card verification cycle will be opening soon and we should expect formal SY25 assessment scores in the near future. Once released, I will begin verification and analysis.

Public Relations

- I attended the IHLS Finance Committee meeting on July 14th.
- I attended the Dupu / E.C. Chamber of Commerce meeting on July 17th.
- I attended and represented Dupu CUSD 196 at the IHLS Board of Directors meeting as a public school liaison on July 22nd.

Other

- Online Registration Part 3 is currently open. We are 41% complete.
- I have assisted Mr. Aldridge with various technology tasks and user support. Additionally, summer technology inventory is currently underway.

Respectfully submitted by Michael Treece: July 22, 2025
