

Adding the Position of Girls Golf Coach

Background:

Our numbers for girls golf have been low in recent years. Last year we did not even field a team.

Our new activities director, James Severson, would like to add a coach just for girls golf this year to see if we can generate more participation. If we cannot field a team with a separate coach, then we will not put the new coach under contract.

The position of golf coach pays \$3,107.

Recommended Action:

I recommend the board move to add the position of girls golf coach conditional upon there being sufficient high school girls to warrant the increase in staffing.
