The Arizona School Boards Association has recommended the following new model policy for the Board's consideration:

**IHAMC (Instruction and Training in Cardiopulmonary Resuscitation)** – The 52nd Legislature's Senate Bill 1137 amended A.R.S. 15-718.01 and 43-1089.01 related to school curricula. The substance of this legislation directs school districts and charter schools to offer instruction and training in cardiopulmonary resuscitation (CPR) as a mandatory, not a discretionary, duty. CPR instruction and training is required to be provided no later than July 1, 2019. The new document, IHAMC, has been created for this required instruction.

The policy is attached to this item for the Board's review and approval.
