Jackie Hanson, Superintendent  
Craig City School District  
PO Box 800  
Craig, AK 99921

Dear Ms. Hanson:

The Department of Education & Early Development recently concluded the annual disparity test for each school district. This test compares revised state aid based on audited local revenues with the actual amount of state aid that has been paid to each district through the Foundation Program in the previous year. The result is an adjustment payment to the district of \$11,946.

The money will be transferred to the district bank for the excess impact aid funds previously withheld during the 2023-2024 school year. This payment fulfills the state's requirement to comply with section 7009 of Title VII. A copy of this payment has been provided to the United States Department of Education, Division of Impact Aid.

If you have questions regarding the enclosed information, please contact me at (907) 269-6607.

Sincerely,
