

Lincolnshire-Prairie View School District 103

Memo

To: Board of Education
From: Eric Jonasson CPMM, CPS
CC: Dr. Scott Warren
Date: January 22, 2026
Re: Facilities Update

Daniel Wright Jr High

- The annual cleaning and recoating of the gym floors was completed over winter break. We perform this service annually to preserve the quality and extend the lifespan of the wood gym floors.
- SurfaceGuard 90 was applied to all hard surfaces to help protect our students and staff during cold and flu season.

Half Day School

- Deep cleaning of bathrooms and hallways was performed over the winter break.
- SurfaceGuard 90 was applied to all hard surfaces to help protect our students and staff during cold and flu season.

Laura Sprague

- SurfaceGuard 90 was applied to all hard surfaces to help protect our students and staff during cold and flu season.
- Repairs were made to the heating VRF equipment that serves offices 101A, B, C, and D. The unit is now fully functional.

10 Year Health Life Safety Inspection Update

- We received word this week that the state has approved the 10 year Health and Life Safety Survey for our three schools. With these approvals, our next step will be working with the team at Wold Architects to determine the prioritization of the approved projects and determining how those items can be funded. We will be able to provide a more detailed update at our meeting on February 24th. This is an overall positive development as the items pertaining to parking lots and mechanical equipment were approved as presented.

Daniel Wright Digital Marquee Update

- At the last Village Board meeting held on January 15th, the village voted in favor of the requested variance which will allow us to update the marquee at Daniel Wright to a digital display. The village is currently finalizing the details of the permit. While we wait on that, North Shore Signs has ordered the equipment and will be ready to install the sign once the materials are available.
