

Site Report – IGI – Iraluyagaq, 2025

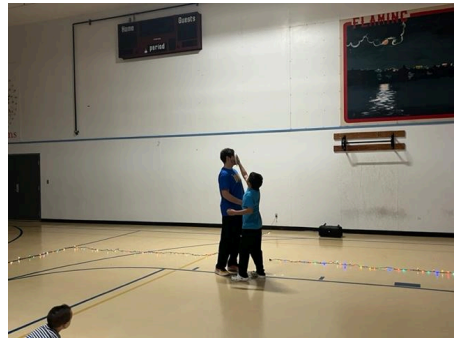

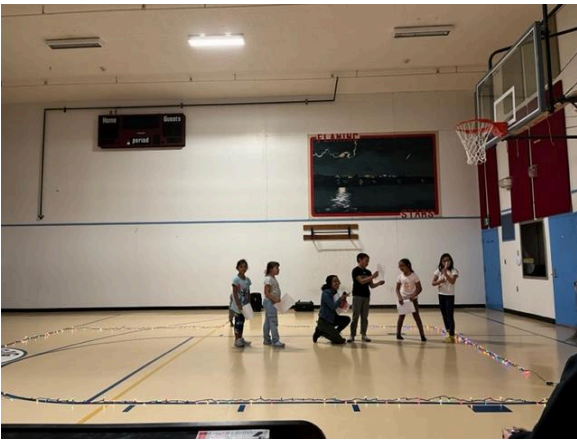

To: Superintendent Kasie Luke
and LPSD School Board Members

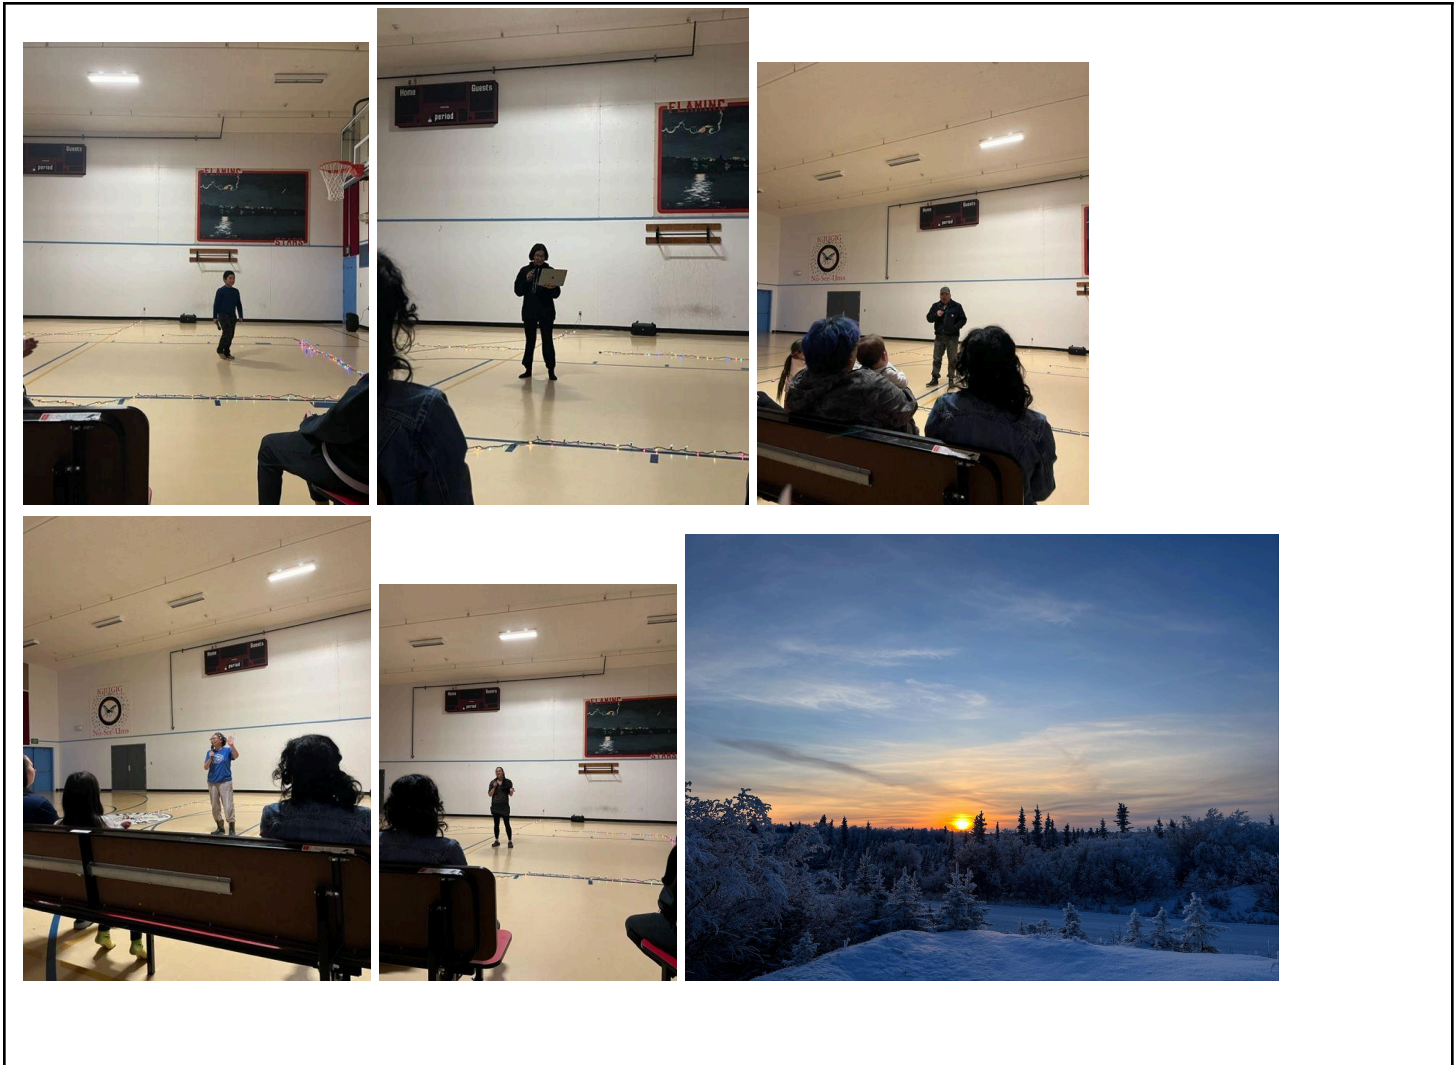

From: Stephanie Canning, Head Teacher

Photos & Description of Activities and Events

February was filled with students of the month, student-led morning meeting activities, BOB, talent shows, and winter wonderlands.

Personnel Update

We still have an opening for a P.E. teacher.

Classroom Highlights

Students and teachers are excited to have learned that our educational moose permit was awarded to us! We are still waiting for “winter” to come and stay for a while so we can head out for the hunt. Quyana to our expert hunters, Jon Salmon, Randy Alveraz, and Carl Hill, for their expertise and guidance. Teachers are keeping up with records, helping to ensure IGI has clean, accurate student records. We are also super-duper excited about receiving our 10k grant from BBNC for the Igyaram Skuuluraan Maqivia. Construction for this will take place over the summer.

LSAC Activity

LSAC held its latest meeting on February 18.

Community Engagement

Quyana to Christina Salmon for filling in for the cook. As well as Kumi Rattenbury (public health nurse) and Anne Hillman (behavioral health provider) for stopping by circle time and teaching lessons to our kids. We are grateful for these continued relationships. —Quyanaqvaa to all those who have helped out in various ways this month.

Professional Development
Ms. Cruz and Ms. Canning are enrolled in courses needed to become certified under the Alaska Reads Act. All staff are working to complete training for State Testing.
Pupil % Attendance K-12
Pupil attendance fluctuated due to travel.
