Considering this was the first administration and stakes were much higher, data shows that Jones Elementary/Intermediate is performing at acceptable levels compared to the state. We continue to strive for excellence and continue to monitor our students' progress. We must take into consideration the percentage of students that scored advanced on the first administration of STAAR as the passing standards will increase by 5 points in most of the subject areas for the 2013 administration. Teaching with rigor and in-depth is key to student success.

Respectfully,

Alma Gutierrez
