

Molalla River Middle School Surplus

Date February 3, 2026

Purpose: Action Recommended

Background: Board Policy DN requires that District property be declared surplus property before it is disposed of. This requires Board approval.

The items to be declared surplus are the back buildings (Rooms 1, 2, 3, 4, 5) behind the main building, excluding the Bandroom/Choir room (Room 41), the Occupational Therapy room (Room 42), and the standalone building (Room 40). The items stored in these rooms are also to be surplused due to being either obsolete, broken, or no longer needed. Contents of these buildings include obsolete textbooks, food-service equipment, broken furniture, broken chairs, file cabinets, and appliances, and obsolete technology.

The buildings will be demolished before summer 2026 to make room for an access road and, eventually, ball fields.
