

**DU PAGE ELEMENTARY SCHOOL DISTRICT 13**  
**BOARD OF EDUCATION**  
**Bloomington, Illinois**  
Regular Meeting    May 22, 2023

**FOR ACTION**

**Subject:    Approval of Bids for Westfield Parking Lot Project**

The Phase 1 bid project is the asphalt replacement of the southeast section of the parking lot at Westfield Middle School. Mr. Rosales has attached a memorandum from the architect which shares the 5 companies that bid on the project on May 5<sup>th</sup>. The lowest responsive bidder was determined to be Everlast Blacktop for the amount of \$167,182; which includes a \$10,000 general allowance for unforeseen issues related to the project. The bid was remarkably lower than the estimated costs associated with the project, which was \$330,000. Ryan Kelley of DLA did contact Everlast Blacktop to ensure that they understood the scope of the work and would stand by their bid. Representatives from Everlast indicated that they did understand the work involved and maintained their bid offer for the work. The memo describes the project scope and Mr. Rosales supports the recommendations made by DLA Architects.

As a reminder, the Bloomington Park District will also pay a portion of the project as will the school maintenance grant received by the District from the Illinois State Board of Education.

**Recommendation:** The Board approve the bid submitted by Everlast Blacktop in the amount of \$167,182 for the Phase 1 parking lot replacement project at Westfield Middle School, as presented.
