Re: Superintendents Board Report

Updates

- Substitutes – We currently have 18 subs available for the district. There are a few more working on paperwork. Some of the subs work with other districts as well. This could become an issue as we approach cold and flu season and are still dealing with Covid-19.
- We will be doing a staff 21 Day Wellness Challenge for those interested. It will begin November 2nd. The challenge will focus on physical and mental wellness.
- The teachers and administrators will be doing a book study with a book titled “*Onward – Cultivating Emotional Resilience in Educators.*” This will begin in the next few weeks depending on the building.
- We have seven new and different fund types that we have received from the federal government by way of the Idaho State Department of Education. These funds are all related to Covid-19 relief and recovery. They have different spending requirements and spending deadlines. Four of the seven fund types must be spent by the end of 2020.
- We received a donation from Jacksons to the district today. We received 150 cases (1,800 bottles) of 20oz bottled water in re-usable metal bottles. These will be distributed to the students and staff.
