Background Information: Texas law requires the establishment of a School Health Advisory Council (SHAC) for every school district. SHAC aims to ensure the district's health programs reflect local community values. The Board must appoint at least five members to SHAC. The majority of the council must consist of parents of students enrolled in the district who are not also district employees, with one parent serving as Chair or Co-chair.

The Board was presented with the annual review and membership roster at the August 5, 2025 Workshop.
