Granby Public Schools Course Proposal Request

To be completed for recommendation of:

- ☐ New course
- ☐ Revision of a course (not offered for 2 or more years)
- ☐ Course elimination
- ☒ Course level change
- ☐ Impact on Graduation Requirements

Date: 9/24/19

Teacher: Sue Clark

Department/School: Business / GMHS

Recommendation: (Course title/grade and level/number of credits/prerequisites)

Course Title: Advanced Accounting

Grade and Level: 11 & 12 – Change from Academic to Honors

Number of Credits: 1 Credit

Prerequisites: Accounting 1 and Accounting 2

Background/Course History:

Advanced Accounting was first offered at GMHS in the 2012-2013 school year. This course is run concurrently with Accounting 1 (S1) and Accounting 2 (S2). Students in Advanced Accounting earn 8 college credits through dual enrollment with GMHS and Asnuntuck Community College (ACC) high school partnership program (HSPP). Students are enrolled in ACC's Financial Accounting course (4 credits) in the fall and Managerial Accounting (4 credits) in the spring.

Rational for recommendation: (Vision, mission, standards, enrollment)

In Advanced Accounting, students work collaboratively and independently to complete a college level curriculum. This ties directly to our core values, beliefs and learning expectations as we foster a learning environment that personalizes learning, fosters risk-taking and independence. This course naturally set high expectations and students take responsibility for their learning as they engage in authentic real-world learning.

Enrollment for this course over the last 7 year is between 3 to 7 students. We have had great success with this program with all students completing the curriculum and earning the 8 college credits. The course has allowed us to foster a partnership with our local community college and provides another opportunity for students interested in business to earn college credit while at GMHS.

Course Proposal Requests are to be communicated with and between:

- ☐ Department/CAS Leader
- ☐ Principal
- ☐ Director of Curriculum
- ☐ Curriculum Committee
- ☐ Director of Curriculum/BOE Curriculum Sub Committee

This program ties to our district vision by preparing students for 21st century citizenship through guided exposure to college level curriculum.

Curriculum: (Alignment to Standards (common core expectations), integration of other content area standards, performance assessment, rubrics)

How will the content of this course be delivered?

Course delivered with existing staff.

Timelines for consideration (significant dates/deadlines/professional development/curriculum writing):

Course level change – ASAP. If possible for the 2019-20 school year.

Budget Implications (textbooks, supplemental resources, staffing, scheduling, professional development training, and curriculum writing):

The edition of the textbook for this course changes every couple of years and each year, we must provide students with access codes to complete course assignments and tests. We have been able to fund the purchase of the new textbook editions and access codes through our existing operational budget – textbooks for the last 7 years and will continue to do so.
