

World's Best Workforce

Content Mastery:

Assessment Protocol:

It is MCA testing season. There have been MCA testing concerns across the state. Crosby-Ironton has experienced those same issues (delays and such). We are grateful that MDE and the testing company are admitting fault. We administered the ACT +writing to our Juniors on April 19th.

Collaboration:

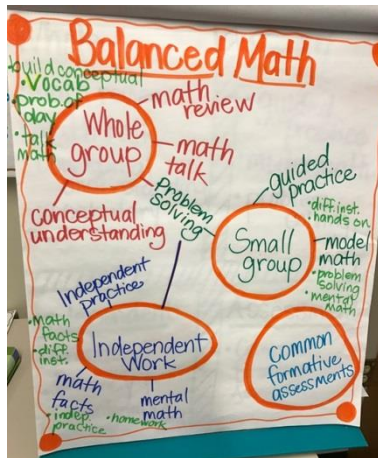

Data Leadership Team:

Our data leadership team has been working with the PBIS teams and Staff development teams to identify targeted areas for staff development for next fall, based on our February data retreat.

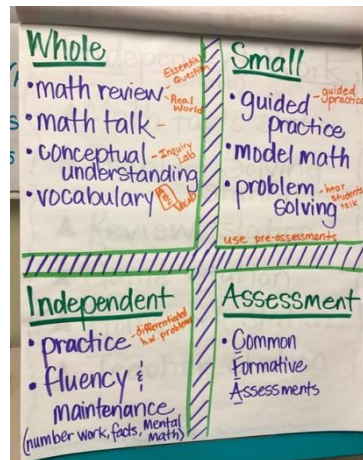

Professional Learning Communities:

We shared the CRES version of Balanced Math in April's PLCs. Data and research was collected and we developed the following model of math instruction for CRES.

Here is the K-5 Model:

Here is the Grade 6 Model:

Critical Thinking:

Content Teams:

During our March early release our ELA teachers spend the afternoon completing vertical alignment. Our April early release was spent on reporting out on work completed during the school year and plans to continuous improvement for next year. It was a great day of learning.

Creativity:

Post-Secondary Planning:

Our secondary building is working to complete the registration process for the '17-'18 school year. We will celebrate 36% of our senior class completing a Bridges Career Academy.
