So Many Exciting, Learning Experiences are Happening at Lincoln School and the students are generated by their accomplishments:

Abraham Presidential Library and Museum: Fifth grade students will have the opportunity to travel to Springfield, IL on Monday, February 26th to visit the Abraham Presidential Library and Museum. During the month of February there is no student charge for students attending the facility.

A Very Cool Place to Visit: Third grade classes have completed a story on A Very Cool Place to Visit based on the ice hotel located in Sweden. Students enjoy the story and then have the opportunity to watch the documentary which gives great detail to the

construction and occupants of the ice hotel. ALL agree it would be a cool place to visit.

EBooks: Mrs. Pieper's fourth grade class is in the process of creating an EBook project based on Black History. Students were instructed to use a QR Code with Qrafter (app) on the Ipad which took them to the website of the person they had chosen for the EBook. Students were then responsible for finding facts and pictures that will be placed in the book and eventually become a slide presentation.

Grandparent BINGO: Grandparents will be invited to join their 3rd-4th grades grandchild-grandchildren for BINGO during the month of February (TBA). This event is planned by our Title department and all grandparents look forward to joining us for this special event.
