Specifically, chess greatly increases originality. One four-year study had students from grades 7 to 9 play chess and recalling moves that have helped you win before. But there's hard evidence also. In a two-year study in New Brunswick, Group A was the control group and went through the same curriculum as Group B. Group B was split into three groups in a 1992 study in New Brunswick. Group A was the control group and went through the same curriculum as Group B. Group B was split into three groups: Group B1 was the control group and went through the same curriculum as Group A. Group B2 was the chess group and Group B3 was the non-chess group. Group B2 was compared to non-chess-playing students in the district and around the country. He found definitive results that chess improves originality in its players. Looking away or thinking about something else for even a moment can result in a loss of focus and other brain cells. The more antennas you have and the bigger they are, the more signals you'll pick up. Learning chess promotes the development of the prefrontal cortex, which is why adolescents are scientifically immature until this part develops. Strategy games like chess can promote prefrontal cortex development.

CHEERLEADING CLUB
Advisors: Katie Boyce

Description and Goals:

1. The goal of having Cheerleading club is to encourage active participation in fundraising events and allow for the cheerleaders to provide their own funding to purchase supplies to be used at their discretion, all of which will promote some sort of school spirit or support any BHS sanctioned events and benefit students and community.
2. The funds raised will go toward school spirit activities such as pep assemblies, gym decorating, special guest nights, and senior nights. The cheerleaders will provide necessary items to enhance recognition and promotion of all athletes during our designated seasons.
3. Another big goal the cheerleaders have for the club/fundraising is to be able to provide one \$500 cheer scholarship for a deserving graduating senior who has participated in cheer for at least the Fall or Winter season.
4. Another goal is to help provide a resource for cheerleaders to attend yearly Summer camps throughout Montana.
5. Finally, another goal is to raise funds to purchase items for cheerleaders to wear that promotes identity and team affiliation, such as T-shirts or other gear.

Proposed Meeting Dates:

Students will meet roughly once a week to every other week in the cheer room or at designated location to discuss fundraiser planning and any important events coming up.

Summary of Proposed Activities:

Cheerleaders will meet to discuss any future planned fundraising activities and set dates and go over details to each fundraiser and what those funds will go toward.

Fundraising:

Concessions, Bake Sales, Pop Shoots, 50/50, Raffles, Cheer Camp, any social media based platforms, or any sports gear sales.

*All sponsors must keep sign-in sheets for ALL meetings and sign-in sheets will include the date of the meeting and SIGNATURES of STUDENTS attending. These sign-in sheets will be turned in at the end of the year prior to receiving the stipend.
