Operation Order Name: Operation Stonegarden
Operation Order Number: Completed by CBP
Fiscal Year: FY22
Operations Dates: **From:** Sep 1, 2022 **To:** August 31, 2025
Report Date: May 19, 2022

Executive Summary

Detroit Sector (DTM) is responsible for 863 miles of international water boundary with Canada. The entire international border in the Sector's Area of Responsibility (AOR) is water, comprised of three of the five Great Lakes (Superior, Huron, and Erie), Lake St. Clair, and the Detroit, St. Clair, and St. Mary's Rivers. These bodies of water encompass over 3,800 miles of lakeshore and riverbank. The lakes and rivers that make up the international border in DTM allow unencumbered waterborne access from Canada into the United States for an average of nine months a year. During the winter, many of the waterways freeze over, leading to the probability of crossings by foot, vehicle, or snowmobile.

In order to maintain situational awareness and effectively control this vast expanse of international boundary, vulnerable shoreline, and routes of ingress, DTM partners with state and local law enforcement entities under the Operation STONEGARDEN operational grant program.

Operation STONEGARDEN (OPSG) is a Federal Emergency Management Agency (FEMA) grant that finances enhanced cooperation and coordination through the provision of funding to U.S. Border Patrol (USBP) state and local partners for law enforcement (LE) operational overtime, equipment in support of LE overtime, as well as fuel and maintenance dollars to support equipment and facilitate LE operations.

I. SITUATION

A. General Situation:

Alpena County has approximately 24 miles of Lake Huron shoreline and approximately 49 miles of international border with Canada. The proximity to the Canadian border is 76 miles from shoreline to shoreline and 39 miles to the international border. Alpena County has multiple public and private airfields, which includes the Air National Guard Base-Alpena Combat Readiness Training Center. There are also numerous public and private boat launches/marinas/harbors that can be used by terrorists/smugglers without detection.

The Alpena County Sheriff's Office currently has 14 deputies. There is a lack of Border Patrol presence in Alpena County.

B. Terrain/Weather:

TERRAIN – Alpena County is a 100% water border. The terrain is relatively flat with areas of dense forest and swamps for the majority of its coastline making access to the border difficult and inaccessible without specialized equipment. Lake Huron averages less than 30 feet in depth for the first mile from shore, gradually deepening to over 200 feet at 10 miles out. Additionally, US23 is a major route of ingress/egress through the border area that runs north and south along the Lake Huron shoreline, thereby facilitating the flow of illicit people and materials away from the border.

WEATHER – Mild wet summers produce heavy fog contrasting cold winters with snowfall averaging 69 inches per year. Temperatures range from upper 70s in the summer to teens in the winter.

OPERATIONS ORDER AND BUDGET TEMPLATE (Continued)**

C. Criminal Element:

Various TCOs, including Albanian groups, have been identified utilizing the Lake Huron area.

There have been numerous cases of reported smuggling events, both people and goods, which have taken place in the area around Alpena County.

D. Friendly Forces:

The Alpena County Sheriff's Office and local law enforcement along Michigan's northern border are equipped in varying degrees with aircraft, boats, vehicles, and manpower making them an asset able to provide consistent patrol of the area. With financial aid from OPSG and coordination assistance from Michigan Homeland Security and other local law enforcement agencies on the international border can maintain a solid presence on Lake Huron and within Alpena County.

Alpena County Sheriff Department 989-354-9830

II. MISSION

During the stated period of performance, Alpena County will support the USBP Field Commanders by operating in and around the border area to enhance overall border security efforts. Taking a collaborative approach to enforcement, Alpena County law enforcement agencies will work in coordination with USBP to serve as force multipliers in a combined effort to disrupt, dismantle, and interdict transnational threats while improving communication and intelligence sharing.

Essential tasks include high visibility road patrols, off-road and specialty vehicle patrols, and marine patrols. Patrols and interdiction actions will be conducted at or near the international boundary, shoreline marinas and points of potential ingress, as well as interior roads and transit nodes (bus stations, train stations). Methods of patrol will vary by season or reason, and will be adjusted as operational necessity dictates.

III. EXECUTION

A. Management/Supervisor Intent:

Purpose: Conduct enforcement activities to enhance overall border security.

Method: High visibility patrols at or near the international boundary, shoreline marinas and points of potential ingress, as well as interior roads and transit nodes (bus stations, train stations). Other methods may be utilized based upon the needs of the supported field commander (Station Patrol Agent in Charge (PAIC)).

End State: Robust and sustained border security within the local jurisdiction and regionally; enhanced communication and intelligence sharing amongst federal, state, local and tribal (where applicable) law enforcement agencies; collaborative approach to identify, disrupt and dismantle Transnational Criminal Organizations (TCO), alien smuggling organizations (ASO), and provide antiterrorism and critical infrastructure patrol capabilities.

B. General Concept:

Alpena County will utilize OPSG funds to conduct operational law enforcement activities on an overtime basis. OPSG funding will not be utilized to pay regular wages. Additionally, funds will be used for vehicle and vessel fuel during OPSG activities, vehicle and vessel maintenance to address wear and tear as a result of OPSG activities, and purchase of equipment to be used for OPSG activities. Alpena County will not use OPSG funds to supplant what would otherwise be funded by traditional means.

(U) WARNING: This document may contain information that is UNCLASSIFIED/ LAW ENFORCEMENT SENSITIVE AND IS FOR OFFICIAL USE ONLY (FOUO). It contains information that may be exempt from public release under the Freedom of Information Act (5 U.S.C. § 552). It is to be controlled, stored, handled, transmitted, distributed, and disposed of in accordance with DHS policy relating to FOUO information and is not to be released to the public, the media, or other personnel who do not have a valid need-to-know without prior approval of an authorized DHS/CBP official. For approval, please contact your local U.S. Border Patrol Sector, Operation Stonegarden Coordinator.

C. Specific Responsibilities:

OPSG Sector Coordinator:

1. Liaison between USBP Headquarters, the Michigan and Ohio State Grant Administrators, Detroit Sector Command Staff and Supported Field Commanders (PAICs) and their designated OPSG station coordinators. Enable successful OPSG activities through policy guidance and coordination assistance.

OPERATION STONEGARDEN (OPSG)
OPERATIONS ORDER AND BUDGET TEMPLATE (Continued)

Supported USBP Field Commander (or Station Coordinator):

2. Responsible for OPSG core processes to include OPORD/FRAGO planning, generation, and execution. Determine when, where and how OPSG recipients can best support lines of effort within AOR; communicate needs with OPSG partners through frequent integrated planning meetings; establish and enhance intelligence sharing capabilities with OPSG partners; review and approve/reject daily activity reports germane to AOR; complete after action reports at the end of specific performance periods. Periodically verify that OPSG recipient activity is supportive of station commander priorities.

OPSG Sub-Recipient Alpena County:

3. Direct all law enforcement operational activities in support of USBP field commander priorities and in accordance with the OPSG FEMA grant guidelines. Participate in frequent integrated planning meetings with USBP field commander (or station coordinator) and clearly communicate operational intent. Coordinate with friendly forces to achieve mission objectives; maintain communication with and seek reimbursement from State Grant Administrator; operate within the parameters of the published OPORD and limit FRAGO requests to operational necessity. Limit all equipment requests to that which is necessary to conduct OPSG operations.

OPERATION STONEGARDEN (OPSG)
OPERATIONS ORDER AND BUDGET TEMPLATE (Continued)

D. Coordinating Instructions:

Alpena County will coordinate with USBP Field Commander prior to conducting law enforcement operations. A summary of daily operational activity will be reported in accordance with OPSG policy guidance.

IV. ADMINISTRATION/LOGISTICS/BUDGET REQUEST

The Current Fiscal Year Operations order budget spending plan worksheet will begin at Section IV Administration/Logistics/Budget. The Worksheet will need to contain itemized listing of overtime, fringe, equipment, fuel, maintenance, mileage, travel and M&A. Budget spending plan should be planned in one or 2 year increments. Grantees may not begin operations, obligate, or expend any funds until the final Operation Order and embedded budget has been approved by FEMA GPD and CBP/USBP Headquarters and any existing special conditions and/or restrictions are removed.

The sample table provided should be utilized as the standard official format to be utilized in the execution of operations orders. A detail itemization and justification section is to be documented in the same format as the example demonstrated on the following page. Each State, Local, or Tribal entity will need to be separated and categorized in the same order each category has been listed on the A.1 Example.

The preparer should first enter all the information below in the justification section of the budget and use the tables to fill in the chart above.
