5. School Projects Update: The admin team met with the State DAS and learned that the “rolling” window for projects such as the MS flat roof were tied to a Monthly 1st – 10th submission process, and our architect encouraged fast action in order to bid the project in time for summer execution. The FC will present a support a motion on the BOE agenda.

6. Safety Grant Project Update: Shannon explained there is additional analysis being done on the best use of state safety grant funding that remains. A proposal will be brought back, to be addressed in executive session.

7. Proof of Residency for Hartford Public Schools: This effort by Hartford Public Schools to shift the budget for residency confirmation to the host districts – like Granby – has been delayed for now.
