### **Illinois Alarm Code Of Professional Ethics**

We acknowledge our responsibility to our subscribers, to be fair and candid in the evaluation of their protective system requirements, to provide the best system available consistent with their economic considerations.

We acknowledge our responsibility to the public protection agencies, to assist them in every way in the performance of their duties.

We acknowledge our responsibility to our industry, to strive continuously to improve our competence and the quality of our service, so we may enhance our subscribers protection.

We acknowledge our responsibility to our business associates, employees, suppliers, competitors, or others to be honest and courteous in all our dealings.

We acknowledge the trust placed in us by others, particularly our subscribers, and therefore we will always be guided by a spirit of honor and fairness in all our activities.

**Illinois Alarm Service** is pleased to submit our proposal providing our services for the project as mentioned above, to meet and exceed your specific needs.

In order to provide you the highest quality of installation, service, and around the clock support, we have a strong belief in partnering with you for the life of your business. Cultivating a relationship with you allows us to provide all our employees a full-time work week, above industry wages, insurance benefits for them, and their families.

Our vehicles are lettered, technicians are professionally uniformed, and are issued employee ID cards for on-site verification for your piece of mind. Technicians also receive in-house, National Institute for Certification in Engineering Technologies (NICET), manufactures training and certification for proficient installation and service.

You want to make sure that you are doing business with a licensed private alarm contractor, which is required by the state of Illinois per the Private Alarm Contractor Act of 1984. Our State of Illinois Licensed Private Alarm Contractor Agency number is #127-000167, and all employees hold a Permanent Employee Registration (PERC) Card. In order to obtain a PERC Card, our employees have passed a thorough background and finger printing process, by Illinois Department of Financial and Professional Regulations and the Federal Bureau of Investigations, which ensure your safety and security.

We hope that all your questions have been answered. If there is something you are unsure of, please do not hesitate to ask.

Upon acceptance of this proposal, a Security Service Agreement will be sent to you for your approval, and to ordinate the scheduling of your system. Installation dates may range due to current supply chain issues and current workload and may be a minimum of four (4) weeks from execution of agreement, approval stamp, plan review, or permits.

We value your for trusting Illinois Alarm to protect and secure your property, your employees and yourself.
