Comments

It has been eight years since Dashir has taken over the facilities at the Medford Public School. I get many positive comments from vendors, contractors, parents, and staff on the building and grounds. Many of them cannot believe that the school is almost 13 years old and looks this great. I think we have a great team of employees at Medford that strive in making this building a clean and safe learning environment for kids, staff and administration. Please feel free to contact us at any time with your concerns good or bad, we will do what we can to help.

Thanks again Medford School!

Respectfully Submitted,
