PRESENTER: Candace Summerhill, Director of Assessment & Accountability

BACKGROUND INFORMATION:

- The attached proposed draft 2024-2025 Districtwide Instructional Calendar was discussed with the Board at the December 18, 2023 Regular Board meeting. At that Board meeting, the process for the development of the calendar was discussed with the Board. A draft calendar was first presented to the Districtwide Effectiveness Improvement Committee (DWEIC) at their October meeting. The committee members carefully reviewed and discussed the pros and cons of the calendar and made suggestions for revisions.
- The revised draft calendar was then shared with all staff and posted on social media and the district website for parent/community feedback from October 10 through November 1.
- The DWEIC met on November 8 to review all stakeholder feedback and to make additional revisions.
- The proposed draft calendar meets the requirements of the required number of student minutes and staff days. The draft calendar has not been modified since the December board meeting.
