

Executive Director Board Report

December 17, 2024

- Our staff and students are filled with excitement as Winter Break approaches! This special time of year offers a wonderful opportunity for everyone—parents, caregivers, students, and staff—to take a well-deserved break. We encourage everyone to use this time to relax, spend quality moments with loved ones, and recharge for the upcoming challenges ahead. We hope everyone can make the most of this extended holiday season. We will be having another much anticipated “selfie” Winter theme backdrop this Friday. Watch our social media to see all the smiles!
- This cold and flu season has presented a number of anticipated challenges, including increased illness among staff and students. However, I am pleased to report that all programs have remained operational throughout this time. It reflects a positive trend in our ability to adapt and manage during difficult periods. We will continue to monitor the situation closely and take necessary precautions to ensure everyone's health and safety.
- Looking ahead, the first semester concludes on January 17, 2025. We are excited to celebrate the remarkable achievements and progress of our students at CVSEC this semester!
