# Next Steps:

**For both the district as a whole and the individual campuses the way to reach the most students will be to conduct home visits.**

- The Attendance, Truancy and Dropout Officers will be coordinating with Division of Academics to begin home visits for the students who have had no contact since the school closure began. Plan includes:
  - Running two buses with a split between ES/MS and HS
  - Comparing students with no contact against attendance records right before Spring Break

# Next Steps:

- Campuses will continue to take the “all hands on deck” approach for reaching out to families by:
  - having staff members phone and email the information on file
  - utilizing district partners/programs such as
    - Communities in Schools,
    - Gear Up,
    - McKinney-Vento & Migrant, and
    - SA Youth
  - posting to social media accounts
