1. The administrator's progress toward agreed-upon goals, objectives and tasks.
2. General expectations of performance, as set forth in the district's performance standards, which recognize professional responsibility, accountability and attitude.
3. The fulfillment of responsibilities contained in the specific job descriptions adopted by the Board.
4. Evaluations from teachers who the administrator supervises, as well as from students, parents, community members and other administrators.
5. Additional factors as determined by the Superintendent or designee.

(cf. 4315.1 -Competence in Evaluation of Teachers)

The evaluation shall recognize the worth and needs of the individual in the total working environment and shall provide direction toward the improvement of his/her effectiveness.

Each administrator shall be evaluated formally at least once every school year. Evaluation is a continuous process and may occur between scheduled periods at the request of the administrator, the administrator's immediate supervisor or any higher supervisor.

Classified management personnel will be evaluated according to the procedures developed by the Superintendent or designee and approved by the School Board. The evaluation shall include recommendations for improvement if needed.
