

# Browning Public Schools Activities June 2019

June 3-6, 2019: The first week of being the Activities Director and getting my feet wet, I was introduced to the administrative team to go over policies for the year. I began looking over the policies and I am familiarizing myself with them for the upcoming school year.

I traveled to the Class A Conference meeting held in Big Sky Montana which a very beautiful drive. The hotel that hosted the conference was only 9 days old and most of the rooms including mine never had a guest stay in there. During the meeting's I was introduced to all of the other Class Athletic/Activities Directors and Vice Principals and Principals throughout the state of Montana. We covered all new rules and rule changes adopted by MHSAA. We also went over our schedules to confirm dates and start times. I got to meet the new Class A schools where we will get to play football and basketball.

The Summer Eekahkimaht Program is happening and everything is running smoothly.

Coaching- I re-hired Dan Connelly for the boys' basketball for the 2019/2020 season  
Ray Augare was also re-hired as the girls' basketball coach 2019/2020 season

Blackfeet Youth Day- The Summer Eekahkimaht Program will be involved in the Blackfeet Youth Day activities again this year. We will be providing a small 3 on 3 basketball tournament, face paintings, volleyball tournament, a pull up contest, and the famous Color Me Rad Fun Run. Pictures will be included in the next board report.

Myndi has been working diligently to get all travel done, all hotel arrangements, and schedules updated since the summer has begun. She has been working hard as the secretary for Activities since March and did a great job. She recently moved into a new office space right across from my office and right in front of the concessions.
