COMMUNITY PARTNERSHIP

BETWEEN ECTOR COUNTY INDEPENDENT SCHOOL DISTRICT AND GOPB, INC. HEAD START SCHOOL READINESS ACADEMY

Head Start Revised Performance Standards 1302.53 - Community Partnerships

We believe (1) a child benefits most from a comprehensive, interdisciplinary program designed to meet the needs of the whole child, and (2) the child's entire family, and the community must be involved in meeting these needs if the program is to have a lasting impact upon the child's total development.

This letter is to confirm the Partnership between G.O.P.B., Inc. Head Start School Readiness Academy and the Ector County Independent School District to identify teen fathers/mothers and address their needs and concerns, as well as engage and educate them. As addressed in our Community Assessment, teen pregnancy is a growing concern in our communities and by forming this partnership, we can assist young parents in obtaining some of the necessary skills to become involved, nurturing parents of their children.

The 13-week curriculum-based workshop known as "Parent Power" will be formatted into an eight-month program designed to provide support, guidance and resources for young fathers and mothers facing the challenges of being young parents. This 8-month program is designed for the high school-age fathers and mothers in the ECISD program. The goal of the program is to assist fathers gain the skills and confidence to be responsible for their own futures, with an emphasis on developing strong, nurturing relationships with their children and families. The goal of the facilitator is to encourage the fathers and mothers to join the Parent Power program as part of the ECISD's Teen Fatherhood Initiative program. The Parent Power program provides meals, child care, workbooks and a graduation recognition ceremony for those who complete the program. The facilitator will present the 13-week session program on campus at Chaffin Head Start School Readiness Academy on Tuesday evenings from 5:30 – 7:30 p.m. The Foundations of Fatherhood curriculum used in the program will cover the following topics:
