Re: Passage of Region 18 Interlocal Agreement Resolution

Recommendation: That the Coppell ISD Board of Trustees pass the attached Region 18 Interlocal Agreement Resolution at the September 25, 2006 board meeting:

- a. This agreement allows our district to purchase school and office supplies, furniture, instructional aids, computers, software, computer supplies, athletic supplies and athletic equipment from numerous approved vendors that have satisfied the bid requirements of Region 18.
- b. This also enables our district to have greater flexibility in obtaining quotes and in securing the best prices possible for a wide variety of goods.
- c. Coppell ISD has been a member of this purchasing cooperative for several years.
- d. The current annual fee to participate in this cooperative is \$850.00.
