

SOUTH SAN ANTONIO INDEPENDENT SCHOOL DISTRICT

Agenda Item Summary

Meeting Date: April 19, 2023

Agenda Section: Consent

Agenda Item Title: Texas Instruments TI-Nspire Calculators

From: Millicent Marcha, Chief Academic Officer

Additional Presenters if Applicable: Maricela Alvarez, Academic Coordinator

Description: TEA requires districts to ensure that each student has a graphing calculator to use when taking the STAAR grade 8 mathematics or Algebra I assessments. Texas Instruments TI-Nspire are calculators that are being used currently in our highschools. In preparation for our middle school students to have ample time and practice using this graphing calculator we are looking into purchasing 600 Nspire calculators. Our three middle school campuses will receive 200 graphing calculators each. They will be used in the 2023-2024 school year for daily usage and testing requirements.

Historical Data: In previous years students have used the TI-84 graphing calculator. This calculator has had some updates since 2000, but its usage is not as friendly and their interface and technology is outdated.

Recommendation: Approved the purchase for the TI-Nspire calculators as presented.
