Instructional Technology websites were created for both secondary and elementary staff to provide the most up-to-date guidance and information regarding the district approved and supported digital tools and resources.

Goal 2:
Support students and staff
at the four iPad pilot
campuses as they
integrate new iPads across
all grade levels, K-5.

PIC•COLLAGE

The transition to iPads in all elementary grades will expand to all elementary schools in the 2026-2027 school year. Teachers will be provided with a multi-phased training support plan.

Elementary LMSs received their new iPad as part of a training delivered by our Elementary Instructional Technology Coordinator and an Apple Education partner.
