Re: Purchase of Maintenance Equipment – 2021 Bond

I would like the opportunity to share with the Board of Education the recommendation to purchase 12 John Deere X580 tractors with front blades and mowing decks from John Deere for a total cost of \$88,653.12 for the K-8 buildings. This is a planned purchase from the 2021 Bond using the Mi-Deal State of Michigan purchasing consortium, which satisfies the Board's bid requirement.

These tractors are used to cut grass and remove snow around the buildings. These 2022 models will replace the 2007 models currently in use at several buildings. The tractors being replaced will be put in auction with monies to be returned to the General Fund.

Please add this to the agenda of the Committee of the Whole Meeting on Tuesday, January 18, 2022. Thank you.
