**INSTRUCTIONS:** Requires two signed and dated copies submitted to Regional Superintendent and State Board of Education.

**EMERGENCY SITUATION:**

The main boiler at Kimes Elementary School has failed and requires immediate replacement. The school is currently operating on a temporary backup system. Should the temporary backup system fail, the facility would be rendered uninhabitable due to the loss of heat, posing an imminent threat to the health and safety of all students and staff. Such a failure would necessitate the immediate closure of the school site and require the utilization of alternative facilities for in-person learning, causing a severe and significant disruption to the educational program and district operations.

**FUNDING:**

Fire Prevention and Safety Financing will be required to address the emergency.
