

PROPOSED REVISIONS

Student Illness Procedures shall be established by the administration to ensure that proper attention is given to any student who becomes ill during the course of a school day.

Accidents Involving Students Emergency procedures shall be established by the administration to ensure proper attention for any student injured at school. Records shall be maintained on all accidents that require the attention of a medical doctor.

Emergency Treatment Forms Each year, students and parents shall complete and sign a form that provides emergency information and authorizes school officials to obtain emergency medical treatment, as provided by law.

Administering Medication No employee shall give any student prescription medication, non-prescription medication, herbal substances, anabolic steroids, or dietary supplements of any type, except as provided below.

Exceptions Employees authorized by the Superintendent or designee may administer to students:

Provided by Parent

1. Prescription medication in accordance with legal requirements. [See FFAC(LEGAL)]
2. Nonprescription medication, upon a parent's written request, when properly labeled and in the original container.
3. Herbal substances or dietary supplements provided by the parent and only if required by the individualized education program (IEP) or Section 504 plan of a student with disabilities.

Provided by District

4. Nonprescription medication provided on an emergency basis by the District and consistent with:
 - a. Protocols established by a physician who must be licensed to practice medicine in the state of Texas; and
 - b. Parental consent given on the emergency treatment form.

[See FFAF]

~~EPINEPHRINE~~

~~The District authorizes school personnel who have been adequately trained to administer an epinephrine auto-injector in accordance with law and this policy. Administration of epinephrine shall only be permitted when an authorized and trained individual reasonably believes a person is experiencing anaphylaxis.~~

~~MAINTENANCE,
AVAILABILITY,
AND TRAINING~~

~~Authorized and trained individuals may administer an epinephrine auto injector at any time to a person experiencing anaphylaxis on a school campus.~~

~~The District shall ensure that at each campus a sufficient number of personnel are trained to administer epinephrine so that at least one trained individual is present on campus during all hours the campus is open. For purposes of this policy, the campus shall be considered open beginning with the first hour of instruction through the last hour of instruction.~~

~~The Superintendent shall develop administrative regulations addressing annual training of school personnel and volunteers in accordance with law, procedures for auto injector use, and maintenance, disposal, and availability of epinephrine auto injectors at each campus.~~

Psychotropics

Except as permitted by Education Code 38.016, an employee shall not:

1. Recommend to a student or a parent that the student use a psychotropic drug;
2. Suggest a particular diagnosis, or
3. Exclude the student from a class or a school-related activity because of the parent's refusal to consent to psychiatric evaluation or examination or treatment of the student.
