February Celebrations

WAC John Aschom Memorial Scholarship

The West Allis–West Milwaukee School District extends its sincere appreciation for the John David Aschom Scholarship, which honors the legacy of a dedicated educator who served our district for more than 30 years.

This generous scholarship supports West Allis Central High School graduates, particularly those pursuing careers in education, and helps students continue their post-secondary education at Northern Michigan University or Wisconsin colleges and universities. This scholarship ensures that Mr. Aschom's legacy as a dedicated educator lives on by supporting West Allis Central students and encouraging future teachers.

WPRA Professional Award of Merit

Shelly Strasser

Shelly Strasser, Director of Recreation & Community Services, was honored with the Professional Award of Merit by the Wisconsin Park & Recreation Association, the organization's highest professional honor. This prestigious award recognizes more than 30 years of leadership, service, and lasting impact on parks and recreation locally and across the state. Shelly's work has expanded access to inclusive programming, strengthened community spaces, and continues to positively impact students, families, and the broader WAWM community.

Congratulations, Shelly!

Welcome, Kane!

Kane, our new therapy dog, officially started last week at West Milwaukee Intermediate School! Kane has been spending time getting to know the building and was officially introduced to students during their Friday assembly.

Next week, Kane will continue his journey by being introduced to students at Pershing Elementary. We're already seeing the positive impact he's making and can't wait to see all the ways he supports our students and school communities.
