Agenda Item: Mathematics K-12 Improvement Plan

Item ID

Purpose of this Agenda Item: Update MRSD Board on Mathematics K-12 Improvement Plan

Background Information:

Mathematics K-12 Improvement Plan

As part of the District's ongoing work to improve student outcomes, preparation is underway to launch a 5 year improvement plan focusing on instruction, assessment and teacher development.

Dr. Lori Vandine's leadership, together with the MHS administration and hard work of all MHS teacher has resulted in steady increases in math achievement at the high school level. In fact, math achievement at MHS last year outpaced the state average greater than 10%

Dr. Vandine will share with the board the District's plan to broadly improve student achievement outcomes in mathematics K-12.
