

Richard Johnson Elementary School Board Report
September, 2025
Shannon Hudson, Principal

Attendance

We are only two weeks into the year and we already have classes below the 90th percentile for attendance. We are working on positive incentive and also increasing our communication with families.

Grade Level	Attendance Rate
-1	95.56%
0	88.65%
1	95.75%
2	89.66%
3	95.86%
4	96.53%
5	88.65%

AFTER SCHOOL CLUBS

Soccer will be starting on Mondays and Wednesdays after school run by Mr. Joe.

Testing & Data

Testing went really well. The kids worked hard. Some of the core data reveals a couple of things.

- Two years ago RJ Elementary's fall to fall data showed us at 24% achievement for reading. We are now at a 42% achievement level.
- Two years ago for math we were at a 33% achievement level for Math and are now at 40%

Next Steps-

While we are doing a fantastic job of targeting and providing interventions for our struggling students, we continue to need to consider how to push the top end of our student population. This is a great place to be! For many years, we were having to sped

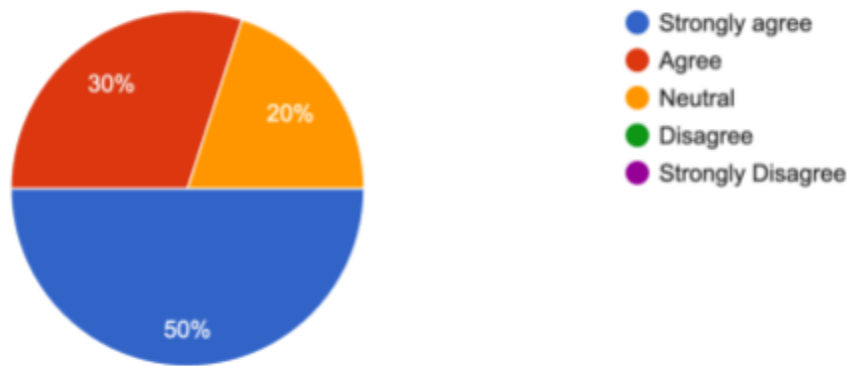

most of our time targeting students who were achieving at a lower level. It is really a positive sign that our interventions are in place and working.

PreK

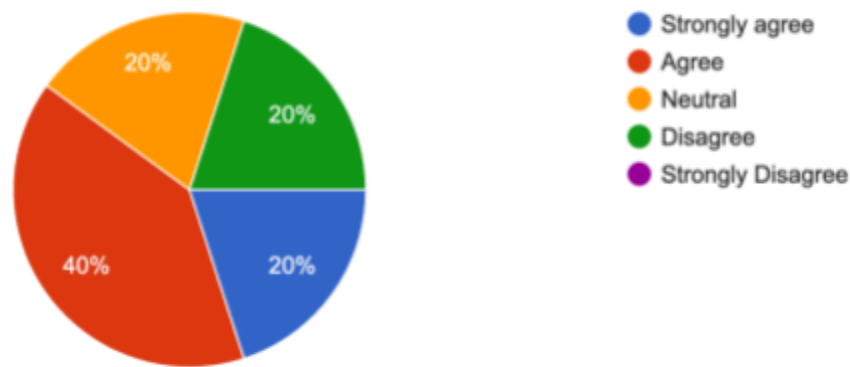

We have been conditionally approved for our PreK (EEP) grant. The next step is to move from conditional to full status. Mrs. Linsdey and I have been working with the state on the areas we need to improve on. This requires two meetings a month with the state and regular check-ins. We are confident that we will be off of “conditional” by next school year.

STAFF Survey

Fridays are helpful in providing students with interventions we can't cover during a regular day.
10 responses

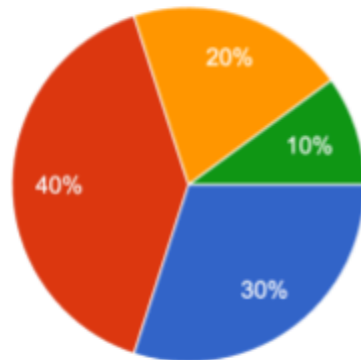

Growing Leaders is a program that helps us have meaningful conversations about social emotional learning.
10 responses

The assemblies on Fridays have had a positive impact on students and staff.

Some things to consider about the schedule. We have added a weekly assembly that has been extremely productive and enjoyed by students and staff. During our Fridays we also do many interventions. We have our time for iReady, reading groups and targeted math interventions. We also have time extension activities, art, and fun.

Additionally, Fridays have given us a time each week to meet as a whole staff, paras & teachers. It has also provided us with fewer interruptions to our core schedule.

CLMS Intervention Schedule
MS-MTSS Schedule
February 23, 2023

Breakfast-Teacher Prep	7:45-8:15
Assembly	8:15-8:45 (30)
iReady-Math	8:50-9:30 (40)
Growing Leaders Tank half full or empty	9:35-10:25 (55)
SSR & Leveled Intervention Semester 2 Reading Groups BOOK CLUB <i>Touching Spirit Bear</i> In Google Classroom	10:30-11:25 (50)
Lunch	11:30-12:00
iReady Reading	12:05-12:45 (40)
Student Climate Survey https://surveys.panoramaed.com/aasb/60020student612	12:50-1:30 (40)

Study Hall Presentation Slides
