

Facilities 2/14/2020

In attendance:

Jeff Hughes, Larissa Crocco, Dan Cowan, Lynn Piascyk, Vito Esparo, Bob Gilbert., and Al Pullo.

Facilities Manager provided update of projects and highlights from the February report.

During the update regarding the Martin Luther King holiday weekend heating repair, concern was raised and discussion ensued over size and capacity of JACE, data storage current as well as expanding capacity. Once costs and recommendations are obtained, they will be shared back with the committee as part of the monthly Building & Grounds project update.

Tools for Schools follow up actions have been completed (i.e. B-Wing partition wall), any remaining follow up work orders anticipated for completion during the coming weeks. Discussion about protocols identified in the QVHD report included means of balancing custodial cleaning schedules with the various after school activities and programs (i.e. Extended Day).

Mr. Cowan extended appreciation to Mr. Esparo for his proactive oversight in the Facilities arena. Others echoed these sentiments of appreciation and well deserved recognition for Vito's efforts, detailed reporting, and levels of commitment and professionalism.

LEED upgrade for Beecher is scheduled to start on Tuesday, February 18<sup>th</sup>.

For next meeting members requested receiving an electronic file update of energy usage tracked in Portfolio Manager.
