4th Writing	68	77	71	73
5th Science	43	37	69	73

Plans for next school year:

1. We have addressed the areas of weakness and have made staff changes.
2. Our campus is shifting to self-contained classrooms and placing a Lead Teacher in Grades 1st—5th to help address our Tier I students and increase rigor in the planning, benchmark, and interventions.
3. We will focus on increasing the rigor, aligning our scope and sequence and providing small group instruction during Tier I to ensure successful student engagement. We have been working closely with Region 15 reading, math, and ELL consultants.
4. Our campus will be adding an ELL teacher to address the ELL students in a smaller group setting.
