

Specifications - Wood Shop

Minooka Community High School is building an addition to house our industrial tech department. In addition to our current programming we will be expanding our available course lines to include new programming. We will be adding two new wood shops, two welding labs, a new engineering lab, electricity/ robotics lab and two new culinary centers.

The woodshop and construction lab will house traditional woods classes as well as building and trades course.

- We will also want to have storage in the lab areas for both dimensional as well as sheet lumber. .
- Bids should include lead time for ordering
- Appointments and additional drawings etc. available upon request.

Equipment list for Woodshop cost estimate: **\$102,050**
