SUBJECT: Standby Generator Bid

DATE: October 25,
2011

Over the past summer, we have experienced several power outages which have negatively impacted the productivity of the Administration Building and, due to Brooks Middle School supporting the entire Internet connections district-wide, also negatively impacted the technology services provided to students and staff.

Therefore, the attached bid notice was published in the Oak Leaves on September 29, 2011, calling for a bid opening on October 18, 2011 and a mandatory pre-bid meeting on October 13, 2011, at which time four prospective vendors attended. Attached is a list of vendors invited to bid as well as the bid summary for the three bids received on October 18, 2011.

It is the recommendation of both the Director of Buildings & Grounds and me to award a contract to Meany Electric, in the total amount of \$73,500 for the two generators and associated installation work. Secondly, we are recommending award of a contract to Kwasigroch Electric, in the total amount of \$8,700, for the connection of the generators to our natural gas lines. The total contract comes to \$82,200 and we budgeted \$75,000; however, we have a \$30,000 contingency in the Operations & Maintenance Fund that can cover the difference of \$7,200.
