

MISSION - Draft

Parkrose will inspire student growth and agency through rigorous learning opportunities in partnership with our staff and community.

I can help follow up on the student issues that were brought up. Can we add the protocol for lockdowns to highlight for the board and community our revised work on emergency planning? If that's too much based on the agenda, then it can be a deeper work session item for October. I think the student issues can be reviewed more deeply at that time, but I can touch on them.

We should prioritize the pieces that were not addressed at last meeting (vision/mission and holidays) It's packed, so some of the student concerns as addressed above can be carried into the work session (emergency planning) Ryan will report on athletics, so make sure he's ready.

VISION - Draft -

All students graduate our schools with ~~empathy~~, a strong sense of identity, **empathy**, and the critical skills they need to innovate and follow the path of their choosing from the moment they come through our doors. ~~to the moment they graduate.~~

REVISED VERSION - Mission - draft

Parkrose will inspire student growth and agency through rigorous learning opportunities in partnership with our staff and community.

We build a safe, creative community where our students can grow and have agency in their educational path by providing diverse learning opportunities, partnering with our wider community and building a foundation for life-long learning.
