

# Special Programs Board Report

## November 2013

### **Special Education:**

A core team of special education staff participated in ODE's System Performance Review and Improvement (SPR&I) training in October to improve compliance. We will be training all special education teachers in the coming months.

SPED Caseload: 128 Students K-12

### **ELL:**

New English Language Proficiency standards were adopted by ODE in October. These can be viewed at <http://www.ode.state.or.us/search/results/?id=36>. The state will be reviewing and recommending new instructional materials that will align with these standards next fall with requirements for those materials to be used in classrooms during the 2015-16 school year. The new standards are now aligned with the Common Core State Standards.

### **TAG:**

We have recently had several new students move into the district already identified as Talented and/or Gifted. Buildings will implement their plans and continue to differentiate instruction to promote growth for all students.
